

Instructions

Thank you for volunteering to help collect signatures for the recall Marshfield campaign. Collecting signatures is a relatively easy and straightforward way to help the campaign. When collecting signatures, volunteers need to pay attention to a few key points listed below. Once you've completed collecting signatures on the Petition page, you need to return it to the campaign do not return the page to the town clerk office.

When collecting signatures, have more than one pen and use a clipboard for people to write on. Voters must provide their legal name and street address of their residency as it appears on their voter registration. If you are not able to read the person's name, please ask them to print it next to their signature. It's important to make sure each signature stays on its own line and that there are no stray marks. If staff at the clerk's office cannot identify who signed the petition, the signature does not count. Signatures and addresses that do not adhere to the legibility standard can be challenged by the opposition as an invalid signature.

Once you have completed collecting signatures in your neighborhood, please return the affidavit form immediately. Try to get as many signatures as possible if you can not complete the form please return it to the campaign. When you have completed your work, take a picture of the front and back sides of the petition. Text the images to **(774) 257-4064** with your name and email. Then drop off the petition form at **112 Plymouth Ave Marshfield**, in the black and yellow box. Please pick up a fresh petition and continue collecting signatures.

Voter requirements for signing

- Voters must be registered voters in Marshfield.
- Voters must sign their own name "substantially as registered."
- Voters must include their residential address, not a P.O. Box.
- If a voter is physically disabled, another person may sign.
